EDUCATION CITY

INITIATIVE

PARTNER

We rely on partnerships to optimize our cradle-to-career efforts for the best outcomes. We achieve *collective impact* when we unite people around the common agenda to END POVERTY.

CODIFY

We rely on explicit commitments to focus resources that achieve the best outcomes for families. We achieve *collective impact* when we have a shared measurement system through RESOLUTIONS, DATA SYSTEMS, and AGREEMENTS.

IMPLEMENT

We rely on thoughtful action plans informed by all stakeholders to achieve our desired outcomes. We achieve *collective impact* when we have mutually reinforcing activities like convenings, and continuous communication through coalitions like NCCPC and K16 COLLABORATIVES.

TESTIMONIAL

"In order to build thriving communities, you have to have them all sitting together down in one room and figuring out solutions."

MARK SALINAS

Mayor, City of Hayward
